Dear Daisy,

The Association of Plastic Recyclers (APR) is pleased to recognize **PT Grand Everest International** as receiving certification for postconsumer recycled content on from **SCS Global**, which conducts audits according to APR PCR Certification guidelines. APR PCR Certification provides transparency to support a reliable, robust PCR market. We appreciate your company taking this important step towards building a circular economy.

Enclosed are the APR PCR Certification Logo Use Guidelines for using the APR PCR Certification logo displayed below (the "logo"). On the basis of the recognition already extended, APR is pleased to offer **PT Grand Everest International** a non-exclusive, revocable, and non-transferable license to use the logo for resin promotions, advertising, presentation, websites, and sales literature. The logo is not to be used on retail packaging. The logo is owned by APR, and there is no fee due for its use.

As a condition for using the logo you must countersign this document where indicated below to acknowledge that you have read and agree with the APR PCR Certification Logo Use Guidelines, and return the full document.

Thank you,

Steve Alexander, APR President & CEO

The APR PCR Certification Logo Use Guidelines

1. These Guidelines apply to suppliers who are granted a limited, non- exclusive, revocable, non-transferable license to use the APR PCR Certification Logo displayed above.
2. The logo may be used in in advertising, presentations , promotions, website information, and sales literature for resins which have received PCR Certification from an APR Endorsed 3rd Party Auditor within the specified year on the certified product.
3. All aspects of the logo must be maintained and adhere to the design parameters detailed in Appendix A.
4. The following language may be used when referencing the certified resin:
 - a. "PT Grand Everest International has received 3rd Party PCR Certification Recognized by the Association of Plastic Recyclers (APR)."
 - b. "PT Grand Everest International is Recognized by the Association of Plastic Recyclers (APR) for receiving 3rd Party PCR Certification."
5. The use of the logo is subject to meeting the most current version of APR PCR Certification Program, as may be amended from time to time. All information voluntarily provided to APR in order to demonstrate that APR PCR Certification Program requirements are met shall be complete and accurate representations.
6. Suppliers will not represent, directly, indirectly, or by implication, that the use of the logo is exclusive to the supplier, constitutes an end product certification, or that the APR PCR Certification extends to resin other than those that have received certification within the timeframe specified on the most current certificate.
7. Suppliers shall take reasonable precautions to prevent the misuse of the logo to ensure it is properly used.
8. Suppliers acknowledge and agree that the logo is owned exclusively by APR, and all rights, title, and interest in and to the badge and goodwill pertaining thereto belong exclusively to APR. Suppliers shall not, at any time, contest the ownership or validity of the logo or act inconsistent with such ownership.
9. Nothing herein gives suppliers any right, title, or interest in any APR name, trademark, service mark, or logo (collectively "Marks"), except the right to use the logo as specified in accordance with the terms herein.
